

# Burn Guide

## **Burn Baby**

Please allow your initial burn up to 2-3 hours to build a full pool (container candles only).

Never burn for more than 3 hours at a time.

## **Trim your wick!**

Trim your wick to 1/4 inch before each burn, for even burning and to avoid unnecessary smoke.

Wooden wicks allow 0.02 inches.

## **Lights out**

Stop burning when theres about 1/2 inch of wax remaining.

Pillar candles allow 2 inches.

## **Watch out!**

Keep away from children, pets, and flammable objects.

## **Not so fast**

Do not leave a lighted candle unattended.
